Keeping safe at home, will keep us safer at school

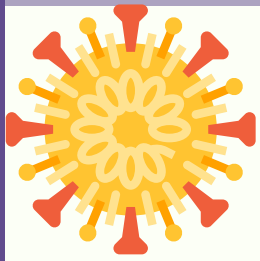

Please use the number 07921709692, to text any **positive covid test results** within your household.

If **your child tests positive** we might need to self isolate children and staff from school, so it is important for us to know asap.

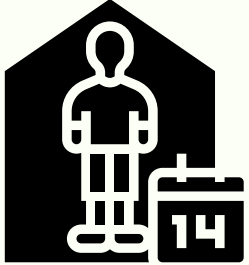

If **someone in a child's household tests positive**, the child will need to self isolate, but they will need to log on to google classroom from 9am every day.

Any children who are self isolating can borrow a chromebook from school, please include this request in your text.

The phone number above is only for texts about covid, please use the school number for any other absences or queries: 02085717749.

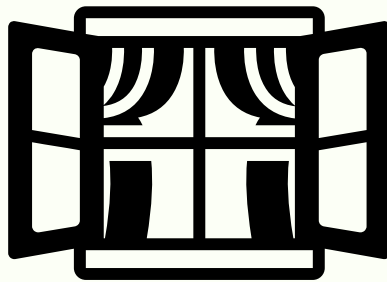

Self Isolation

If a child needs to self isolate, they must not leave the house until the end date of the isolation - please ask a friend, neighbour or family to help with the school run for any other children.

Ventilation

It is vitally important for us to keep the school well ventilated to prevent the spread of infection. We have also included ventilation breaks to the children's day,

EYFS

EYFS will be split whilst we are in lockdown in to three classes, one class using the library as their classroom. This will enable the staff and pupils to be able to distance a little more as outdoor play becomes less appealing due to the weather.

This Week's Useful Webinar

50 things to do before you
are 11 3/4
